

Complete Evangelism Seminar

Connecting the Pieces in Evangelism for Impact

By Christian Equippers International

A comprehensive evangelistic approach designed to impact your church with the following strategies:

Inspiration:

It is important build up each believer's confidence in God's power by emphasizing His work in their individual lives. To effectively evangelize to others, we need to first be inspired ourselves by the work of Jesus Christ. Our goal is to leave people with the belief that they can be mightily used by God.

Practical:

We give practical steps to guide you through the evangelism process. This teaching and guidance brings confidence and encourages new Christians to become active in evangelism. We give detailed, yet simple suggestions on how we as Christians can become effective witnesses for Christ. The Complete Evangelism Course materials and booklets we provide are invaluable in helping to equip the saints for the work of ministry.

Encouraging:

One of the main goals of this seminar is that we may encourage, edify, and build up the saints. We specifically look to the Holy Spirit during sessions and altar calls to speak encouragement and call to the treasure inside people. We want to allow God to point out your gifts and lead you to use them.

Equipping:

Studies have continued to show that 95% of all Christians have never led a person to Jesus Christ. It is our goal "to equip the saints for the work of the ministry" (Ephesians 4:12) with evangelism strategies and tools. As the army of God, the church must be properly equipped to impact our communities as ministers of reconciliation.

Impartation:

In 2 Timothy 1:6, Paul urges us to stir up the gifts that are within people with the laying on of hands. We take seriously the importance of the Holy Spirit working with us to accomplish HIS goals for your church and people. Every session is completed with an altar call and prayer, giving an opportunity for the Holy Spirit to impart and move.

Seminar Key Points:

- ☑☑ How to be liberated in witnessing
- ☑☑ Practical evangelism techniques
- ☑☑ Overcoming the fear of evangelism
- ☑☑ How to be Spirit Led in Evangelism
- ☑☑ How to mentor and disciple

Seminar Messages:

Session 1: The Great Commission

Jesus is calling people out of the boat. Break the old patterns of failure. Launch out into the deep and cast your nets! We use the analogy of the game of baseball to encourage the saints to "get in the game"

Session 2: Before, During, and After Witnessing

Before, during, and after Witnessing. Practical steps and inspired illustrations on how to prepare yourself to witness, be comfortable and spirit led during the process, and how to finish and follow up afterwards. An essential message that outlines the start to finish process of evangelism.

Session 3: How To Share the Gospel

We will give a powerful and yet practical method for sharing the gospel. We introduce creative ways to initiate and create openings, explain what the gospel is and what it is not, and teach the "Two Question Test" approach. One ministry that utilizes our "Two Question Test" Booklet approach has seen over 200,000 first time salvations as of 2010.

Session 4: Faith in Evangelism

If we don't apply this last session, we will miss the greatest opportunity for impact. We need faith in evangelism! We will cover learning to be obedient to God's call regardless of the outcome of our endeavors. The seeds we plant allow God to work. Our job is to tune into the spirit and be obedient when we are called. Hebrews 11 speaks of the cloud of witnesses that have gone before us. Moses, Joshua, David, Elijah, and Paul are cheering you on! You can do it, step out of the boat today!
