

"Responding to the call"

| by Craig Fasler of Christian Equippers International

The following briefly describes the messages and their content:

This is Your Life – Will exhort us to take a look at the precious commodity of time we have left, and learn how to redeem it so we may become the champions God has ordained us to be.

Building through Relationships – Step by step instruction on how to win the war for the souls of our friends, relatives, neighbors and co-workers.

Spiritual Warfare in Evangelism – Learn how to overcome and get set free from fear, rejection and lies of the enemy that have held us back from sharing our faith.

Preappointed Times – You will be shown many varied methods and techniques on how to share the gospel. Learn to recognize openings in evangelism. Also get helpful insights on how we can successfully fulfill the Great Commission in our life.

The Reality of Christ – Imparts revelation, gripping our heart along with our mind, and takes our faith from being a theology to a reality that will compel us to tell others what we believe.

The goal of each teaching in this manual is not only to equip the body of Christ but to get the body of Christ to "Respond to the Call! Jesus said in Mark 16:15, "Go into all the world and preach the good news to all creation." He also said in Matthew 9:37, "The harvest is plentiful but the workers are few." If we are going to reach our world for Christ, the church must **Respond To The Call!**

It is my prayer that you'll find these messages to be inspirational, convicting, instructional and provoking to action. I pray that you will be challenged to a new level of commitment to live for Christ and let your light shine for Him.

- Giving examples of fun and creative ways how to share the gospel and lead people to Christ
- Encouraging, motivating, instructional Spirit filled ministry
- Proven evangelistic strategies that everyone can do

Also, find out how your church can now afford to have an on-staff seasoned evangelist for a fraction of the cost. I will work with you on a weekly on-going basis to bring numerical and qualitative depth to your church. **Example: Most churches in the United States assimilate about 10-18% of their first time guests. Let me show you how to increase that up to 60%.**
